

# McLaughlin Race Results

**Q. What's the most important part of a racing sailboat?**

**A. THE SKIPPER!**

The folks at McLaughlin will be the first to tell you that!

Our boats are only as fast as the young men and women who race them. They make us look good. But when you look at the statistics of two World Championships where our boats were divided equally and without prejudice to all competitors the results are undeniably impressive. (And we don't count regattas or championships where we were the ONLY Charterer!).

Scroll to the end of this document to see what happened...

Please help us by letting us know of your son or daughters success!!!

## 2002

2002 World Championship 1, 2, 3

108 McLaughlin's vs. 108 Winner's

# McLAUGHLIN DOMINATES WORLD CHAMPIONSHIPS!

AT THE 2002 WORLDS McLAUGHLIN FINISHED 1, 2, 3, 5 AGAINST WINNER.

AT THE 2004 WORLDS McLAUGHLIN FINISHED 1, 3, 4, 5 AGAINST LANGE

**THE CHANCE OF THAT HAPPENING IS .249%**

IN OTHER WORDS BASICALLY IMPOSSIBLE UNLESS McLAUGHLIN HAS AN ADVANTAGE

## Why Is This Hull So Fast And What Is The McLaughlin Advantage?

A great deal of engineering, time and money went into perfecting the manufacturing procedures that make the McLaughlin Opti superior in construction and value. Perfect mast – foil alignment, weight distribution, stiffness, durability of edges and the surface gelcoat finish have made the boat lightning fast. Many more changes affected the cosmetics and prolong boat life. But, the biggest single element that drives our quality and keeps McLaughlin ahead of the competition is simply that we try harder and care more!

**THE McLAUGHLIN ADVANTAGE IS US!**
